The following is an examiner's statement of reasons for allowance:

In re claims 1-22, none of the prior art teaches or suggests an IC including a partially fabricated IC, a spin-on glass layer deposited and cured thereon to be a first dielectric, depositing a dielectric layer on the spin-on glass to form a second dielectric layer, and a spin-on glass layer deposited and cured on the second dielectric layer to form a third dielectric layer, wherein the spin-on glass dielectric is the "sol-gel-deposited dielectric", and in combination with the other elements of the claims.

In re claims 39-48, examiner agrees with applicant's arguments filed on 04 February 2005 and finds claims 39-48 allowable for those reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kevin M. Picardat whose telephone number is 571-272-1841. The examiner can normally be reached on Monday-Thursday 7:00-5:30.
